

## 2021-2022 Facilities Rental Fee Schedule

In order to ensure that use of Facilities benefits the District residents whose real property taxes support the Facilities, any use that is not sponsored by District residents or groups comprised of at least one more than 50% District residents (“District Groups”) shall not be permitted unless it is determined by the Board of Education or the Superintendent or their designee that such use would be beneficial to the District or District residents.

**Uses by non-District residents or non-District groups shall be the subject of separate contracts, licenses or other written agreements (“Contracts”). 2021-2022 rental fees for these individuals/groups were established by Board resolution on July 1, 2021. These rates, found below, will be used to establish the basis of the contractual terms of any and all agreements set forth.**

Additional information regarding the Edgemont Board of Education’s Policy on Community Use of School Facilities can be found [here](#).
