Phaedrus- Alternative High School

Founded in 1977, Edgemont High School's alternative school, Phaedrus, is a half-day program that serves approximately thirty juniors and seniors possessing a wide range of academic abilities and interests, representing a microcosm of the greater high school population. The program, to which students must apply, seeks to create a dynamic and democratic school community where students develop as leaders and independent learners. Participants fulfill their English and social studies requirements within Phaedrus, and their science, math, world language, and elective requirements in the regular high school. Students enrolled in Phaedrus receive descriptive evaluations rather than grades and do not receive a computed GPA.

GRADING

COVID-19 Statement

Edgemont Junior-Senior High School closed in March 2020 due to the pandemic. A combination of synchronous and asynchronous instruction was utilized for the remainder of the school year. For quarter three of the 2019-2020 school year and all second semester only courses, students were marked with a Pass/Fail. Beginning the fourth quarter, we transitioned back to our traditional grading system for the remainder of the year. The final grades for the 2019-2020 school year were retroactively weighted to be worth 33.33% equally based on quarters one, two, and four. Typically, the final grade is calculated based on all four quarters and final exam grades where applicable. The school had a hybrid learning model for the 2020-2021 school year with our traditional grading system.

Class Rank

Edgemont does not rank its students, but it does compute a grade point average that is included on the student's transcript.

GPA Scales

A student must have attended Edgemont for 2 years for a GPA to be computed. GPAs are weighted to reflect the rigor of a student's program using the system below.
